## PHARMA & BIOTECH

**Competition Is Working** 10  
Biosimilars Are Becoming Increasingly Popular but Pharma Associations Warn Against Price Wars  
*Thorsten Schüller, CHEManager*

**New Biologics and Advanced Therapies** 12  
Opportunities and Challenges in the Therapeutic and CDMO Markets  
*Carlo Stimamiglio, Alexandra Wollersheim, and Filippo Pendin, Alira Health*

**Creating Sustainable Concepts** 14  
Intelligent Engineering for Optimized Pharmaceutical Manufacturing Processes  
*Interview with Richard Stedman, ACG Engineering*

**Building Quality into Biopharmaceutical Processes** 18  
The Impact of GMP Annex 1 Revisions on Sterile Biologics Manufacturing  
*Ben Wylie, Chargepoint Technology*

## INNOVATION

**Graphene for Sustainable Development** 22  
Reducing the Environmental Impact of Coatings, Plastics, and Composites  
*Interview with Alban Chesneau and Nicolas Castet, Carbon Waters*

**Unlocking a Circular Future with Natural Polymers** 24  
Traceless, a Game-changing Biomaterial  
*Interview with Anne Lamp, Traceless Materials*

## MARKETS & ECONOMY

**European Chemicals Pulse Check** 4  
Chemical Value Chains at Risk of Shifting to Non-European Countries  
*Stefan Van Thienen, Alexander Keller and Mark Reimer, Deloitte*

**Rethinking Carbon** 6  
How Europe's Chemical Companies Can Win their Commercial Future  
*Jan Haemer and Andrea Maessen, Simon-Kucher*

**The Evolution of CDMOs** 8  
From the Birth of an Industry to its Present Significance, and the Challenges It Is Facing  
*Harry Simpson, Fraser Dove International*

## FINE & SPECIALTY CHEMICALS

**Transforming Uncertainties into Opportunities** 26  
Exploring Mega Trends and Value Chain Complexity with CEPESA Chemicals  
*Interview with Juliana Pantalena, CEPESA Chemicals*

**Biosurfactants at Scale** 28  
Growth Success, Collaboration and the Future of Eco-friendly Surfactants  
*Interview with Tim Staub, Locus Ingredients*

**EVENTS/INDEX/IMPRINT** 30

## Efficient tableting with **LIGAMED** Stearates

Please visit us at CPhI 2023 in Barcelona, booth 4F10

LIGAMED product line:

**LIGAMED MF®** – Magnesium Stearates

**LIGAMED CPR®** – Calcium Stearates

**LIGAMED SA®** – Stearic Acids

All **LIGAMED** Premium Excipients are based on sustainable, RSPO certified fatty acid and meet all major pharmacopeias: Ph.EUR, USP/NF, BP, DAB, JP and ChP.
